“If a prayer could be seen, it would be seen as a pathway of Light”
~ Ernest Holmes

Practitioners: Prayer, Spiritual Counsel, Ceremonies

Practitioners of Spiritual Living: Trained and licensed in the art of prayer, deep listening, and spiritual practice, our Practitioners and Ministers assist others to thrive and prosper by reconnecting to the Power, Presence, Divine Intelligence and limitless Good within them.

Change your thinking, change your life: Practitioners teach spiritual principles and assist others to discover and release hidden beliefs that block their highest good. When people use these principles and change their beliefs, their lives change for the better.

Practitioners are available: Meet with them on Sundays and Wednesdays after services. If an individual session or ceremony is desired, contact Practitioners and Ministers directly.

Practitioners: Spiritual Tune-ups

Four times each year, Practitioners gift the community with one-to-one prayer support. During a private, 20-minute session, Practitioners listen for what people want to see happen in their lives. Practitioners help find the beliefs standing in the way. Finally, Practitioners use prayer to replace limiting beliefs with ones that support intentions. Spiritual tune-ups, like all Practitioner work, are completely confidential.

Practitioners: Prayer Requests

Join a Prayer Circle immediately after services on Sunday, or fill out a prayer request form at the Practitioner station at the south end of the Celebration Hall lobby, and our Religious Science Practitioners will put your request into prayer. Practitioners contact all members quarterly to support them in prayer.

“Practitioners,” trained and licensed spiritual counselors, use prayer to support people to reconnect themselves to the Power, Presence, and Good of God within.
